Construction Update

What's New

On Friday, August 18, the World Vapor Expo will be underway at the Miami Beach Convention Center and will run through Sunday, August 20. The event will take place on the east wing of the Miami Beach Convention Center. Take note of the following traffic modifications that will go into effect on Tuesday, August 15 to accommodate event load-in (see map below):

- Northbound and southbound traffic on Washington Avenue between Dade Boulevard and 17 Street remains reduced to one way in each direction
- Pedestrian access and vehicular drop-off to the event will be located only in the vicinity of Washington Avenue and 18 Street. There will be no pedestrian access at any other location
- Vehicles traveling northbound on Washington Avenue who want to access the vehicular drop-off will be detoured at 19 Street and follow the signs for NB Event Drop-Off

Please follow all traffic signals and drive carefully.
